

Submitter: Norman Chaput

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

This bill is ridiculous and I urge you to vote no. Concealed Handgun Licensees are not committing crimes or causing harm in any meaningful numbers. These people are not the problem. Meanwhile, as we saw last summer at the Greenwood Park Mall shooting in Illinois, CHL holders can stop violence from continuing. Banning concealed carry makes people less safe. Don't give local governments this power.
