

Submitter: Julie Walter

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2002

Dear Members of the Committee,

This bill is disgraceful and I strongly oppose. Abortion is murder. The State of Oregon has no right to interfere with parents and our children regarding this gross immorality. This bill promotes and protects abortion and transgender ideology / sex change which is appalling. This is a grave sin and against our Faith. I urge our State leaders to please say "NO" to House Bill 2002.

Sincerely,

Julie Walter
