Measure: HB2005

I oppose this bill as it limits the rights of law abiding citizens and our right to bear arms as protected by the 2nd amendment. We do not need more restrictions for those who practice safe gun handling and are law abiding. This should be common sense. More restrictions are not going to keep criminals or those with criminal intent from acquiring weapons. What this state needs is more support for its law abiding citizens and law enforcement. If you want to curb crime and violence with guns then you need to enforce harsher and more demanding consequences for those that perpetrate the crimes. Stop letting violent criminals out into the public with a slap on the hand. Thank you for your time.
