Measure: HB2006

I submit this testimony in support of HB 2006. I entreat the Legislators to vote in support of this bill. The age of responsibility for gun ownership should correspond to the age of legal accountability for that citizen's actions in society. An 18-year-old is able to purchase a weapon and use it to commit criminal acts- but is still considered a teenager when facing the consequences of those acts. Match the age of responsibility to the ability to own and possess the firearms.
