Measure: HB2006

Please, we must enforce stricter gun laws. I'm tired of mass shootings every day, it's wrong that guns have more rights than our children. I'm tired of seeing our lawmakers cow-tow to the gun lobby. There is no reason for someone under 21 to have a firearm. The violence must stop! Our kids aren't learning conflict resolution, they just go get a gun.

Enough! Have the courage and approve stricter gun laws, please.

Thank you,
Mary Dodd
