Measure: HB2005

This bill does nothing to solve issues with firearms. Criminals will always have firearms. They don't care how it was made or labeled. I know many people who have made their own firearms. I have often thought it would be fun. I have always enjoyed building things and take great pride in the things I build. This bill would prevent me from ever doing so. It will also turn many law abiding citizens into criminals. Stop wasting time and funds on this and instead use your time and our money to actually lock up criminals who commit crimes.
