On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

Legislators:

I am writing to express my FULL OPPOSITION to HB2005. As well, any other bill that attempts to limit the ownership of firearms, ammunition and their usage by law abiding, responsible, tax paying citizens.

We have in the US constitution the 2nd amendment. It is very clear that firearm ownership "shall not be infringed". What is it about those words that is hard to understand? Veiled "safety" legislation attempts are un-constitutional and in time will not stand in courts. This bill should be dropped and legislators should spend their time to work on beneficial projects in the world of economic development and reviewing onerous regulations that need to be dropped by state agencies.
