On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

Chair Nosse, and members of the committee

My name is Gwendolyn and I live in Baker City, Oregon. I am writing to you in opposition of HB3090. I have been a cigarette smoker for fifty plus years, and I started vaping ten years ago. This has literally saved my life. I feel that banning vapes will push people back to smoking combustible cigarettes that in my opinion will kill them. I am 65 years old and I fell better and my life has improved 100%. I also feel that the kids will be able to get what they want regardless if it is cigarettes, vapes or alcohol. This bill if passed will only hurt the adult user by forcing them either to a black market or back to smoking cigarettes. Please vote no on HB3090
