

Submitter: ShaRita Johns

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2990

My name is Sha'Rita Johns and I live in warm springs Oregon and I am writing to you because I work for an native American owned business. I support HB 2990 to create a grant program through the office resilience and emergency management that will go directly to communities to build and implement community resilience hubs and networks. I support community resilience hubs because by creating places to gather and care for each other in good times and bad, we strengthen our bonds and faster close-knit, resilient communities.
