On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I urge you to oppose HB 2006. Raising the age to purchase firearms is age discrimination. Citizens at the age of 18 can vote and defend our country in the US Military. This bill would infringe on the 2nd Amendment rights of our citizens. In addition, Oregon has a rich history and continued heritage of hunting and shooting sports enjoyed by youths and adults. Oregon also is the home of many gun, ammunition and accessory businesses. HB 2006 will not reduce crime or violence by criminals as they do not recognize current laws in place. Please do not advance this bill.
