On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

I oppose HB 2005 as I feel it to be unconstitutional. I am a responsible gun owner in the state of Oregon for over 40 years I use them for protection for hunting and for target practice. I am sick of constantly having to defend my second amendment because our system is broken. The law abiding citizen is always taking the "heat" for the irresponsible individual committing the crime. I oppose this bill.
