Measure: HB2006

I strongly oppose this bill. I am a 20 year old women and this bill would take away my right to protect myself with a firearm. I am of small stature and if attacked no matter what training I have with my hands there is little I could do to defend my life. Carrying a firearm allows me the ability to defend myself and possibly save my life. At 18 we are considered mature and responsible enough to vote, start a career, live on our own, get married, and join the military, we should be considered responsible enough to own a firearm.
