Measure: HB2007

I oppose this bill. It will hurt more people than it will help and move us further into a direction of dispare and corruption. I have the right to protect myself and my family from criminals that disregard laws of all kinds. Recently I had a homeless squatter at my grandmas house that luckily I seen before I walked in the door. He was armed... how would I have protected myself if I didn't have a gun?? Say please don't hurt me?? Criminals will always break the law and we law abiding citizens need to be able to defend ourselves from those who would do us harm.
