

Submitter: Ryan Cook
On Behalf Of: My family
Committee: House Committee On Judiciary
Measure: HB2006

I am testifying as a person who was almost a victim of a violent crime. In 1993 at the age of 18 I was the victim of a home invasion robbery. As the robber climbed through my window I was able to secure my firearm and repel them by letting them know I had it and was willing to use it. To take away the rights of a person to protect their lives is criminal. Brave young men and women sign up every day to defend this country and are not turned away because of not being 21. They can vote, drive, have families and pay taxes. To take away fundamental right to purchase a tool of self protection is selfish. Do not ask them to bleed overseas then remove their rights to bear arms when they return to these shores. Oppose this bill and do the right thing. Thankyou for your consideration,
Ryan Cook
