Measure: HB2006

I 100% oppose this. Total violation of our freedoms and rights as American citizens. Can not be infringed goes strongly with this one as an adult is 18 years of Age. If you can join the military at 18 and legally carry a weapon into battle and be trusted with such weapon to defend our country for this very government you should be allowed as a citizen to carry any and all such weapons for self defense from a threat no matter what it be.
