Measure: HB2006

I oppose HB2006. Law abiding citizens aren't selling guns to those not allowed to legally buy. This bill will not stop the illegal transactions that currently occur on the streets for criminals. Are you trying to make All American citizens felons? If so please remove all your security from the capital from the governor from any legislature? We do have the second amendment also. Also I'm a Son And I Demand Action that you vote down this bill or do not vote on this bill You're not the only ones that have the second amendment. please do not vote for this bill. Those women in those red/brown shirts do not represent my Mom her Mom G'Ma or me!!!
