

Submitter: Jeff Studnick

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

Stopping legal gun owners with concealed carry permits from carrying concealed weapons will not stop the crime that you seek to address. Concealed permit holders are more responsible statistically than even police officers. Concealed carry is not a problem. Criminal activity is the problem and this bill will not stop criminals from being criminals. It will only stop honest citizens from being able to protect themselves and others.
