

Submitter: Josh Farley

On Behalf Of: 18 year old men being asked to die for their count

Committee: House Committee On Judiciary

Measure: HB2006

This bill is an insult to our soldiers. How dare someone present a bill asking these young men not to carry a firearm to defend themselves and family from harm, after you've asked them to do the unthinkable, in foreign countries, risking their life to preserve our safety abroad. This bill is shameful. Represent your people , not your lobbyists please. Vote no.
