Committee: House Committee On Judiciary

Measure: HB2005

I strongly Oppose this house bill 2005. Simply put this bill would only create an define a Law Abiding Citizen as a criminal. This bill is 100% unconstitutional, and takes away the right of Law Abiding Citizens to protect against the criminal element. More focus needs to be placed on the mental instability of the person carrying out these violent heinous crimes. The tool is not the problem. Please protect our God given right to protect our self's against those that only want to carry out these violent crimes. Stop trying to mask the problem, solve it. Listen to all citizens, not just a few, who are simply scared of their own shadow.

With much respect

Cliff Lupton
