Measure: HB2006

I am opposed to these anti-gun bills as they will do nothing to prevent future shootings or crime. They are simply new crimes that hinder law abiding citizens and do nothing to stop criminals, who by nature ignore the laws anyway. And, our current gun laws are not even being fully enforced as it is.

Further, these young people are allowed to enlist in our military services and engage in combat with military weapons. People at the age of 18 are able to legally leave home, get married and start a family, but they are not allowed to have all of the rights of an adult citizen. I personally find this disturbing.
