

Submitter: Karl Clement
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

This bill will do nothing to halt criminals from carrying weapons in these locations. Citizens of Oregon that have valid Concealed Handgun Licenses aren't committing the crimes. They just want the opportunity to protect themselves and others. Again, citizens of Oregon with concealed handgun licenses aren't committing crimes. Gun free zones are among the most dangerous places. Don't make it more dangerous by advertising the vulnerability to criminals.
