Committee: House Committee On Judiciary  
Measure: HB2006

People under 21 can vote and be in armed forces for the UNITED STATES OF AMERICA fighting for us [that means for all of us]. I do not believe this will do any good and I feel this is unconstitutional. If you want to curb gun crimes/accidents and we all do, we need more firearms education in the schools. Take away gun free zones and allow law abiding people to protect themselves. Thank you.
