Measure: SB611

Stop housing providers from rent gouging. Housing prices are astronomical in the Portland Metro area and people need relief in any way they can get it. We will remember who stood up for working class people/families and who sold us out to predatory landlords when election time comes around. Espeically people who got priced out of their housing and have to go live on the streets.

I've been managing subsidized housing in this city for almost 8 years now and I've never seen it as bad as this. We need more subsidized and affordable housing, not unregulated rent hikes. If you're not going to do anything about rampant unchecked homelessness and mental health crises, then at least do the bare minimum to try and keep people in their homes.
