

Submitter: Kyle Obrien

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

The sale of fur and goods in Oregon is monitored and has rules and guidelines set forth. I see no reasons to stop the sale and limit historic practices and recreation for the residents of Oregon. It is of my opinion that we should not restrict peoples heritage and outdoor recreation. We have an abundance of fur bearers and managed correctly we will continue to do so. I hope to involve my children and other people who are interested as well, as another means to enjoy the outdoors and what it had to offer.
