

Submitter: Allen Lowery

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

House Bill 2007 will not save lives! Stopping a person with a concealed carry permit will only be an invitation to the criminals. Gun free zones haven't worked in the past and I see this bill making things worse with more opportunity for criminals to continue to do bodily harm to innocent citizens. Please oppose this bill and not take our constitutional rights away! Thank you - Allen
