Committee: House Committee On Judiciary
Measure: HB2005

I am against this bill because it infringes on the rights of current law abiding gun owners. It is wrong to deny Oregonians their Constitutional second amendment rights. It is against the U.S. constitution to make guns we own and purchasing of guns illegal. It harms the economy and is putting gun stores out of business. Please vote against or cancel this bill. It will only be overturned in the higher courts anyway as similar legislation in California was.
Best regards.
