

Submitter: Savannah Staggs

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB3431

My Name is Savannah and I am a Peer Mentor at Phoenix Wellness Center. The utilization of M110 is extremally important because it opens doors for access to treatment that were not previously available with out it. The work peers are doing in the community are literally changing lives by the day. Without funding from M110, the impacts and lives that are being affected from substance use disorder will be greatly affected.
