NO!! I OPPOSE this legislation! This is completely unConstitutional on its face. STOP attempting to infringe on our Second Amendment rights to be armed and protect ourselves and others. How can any intelligent person in their right mind logically conclude this type of legislation will have any significant effect on People who do NOT abide by the law? The obvious question is if you understand this will only affect law-abiding People. It's so incredibly absurd and logically ridiculous, that on its face it can be none other than a shameless and brazen attempt to ban more and more guns. And this is EXACTLY the reason we have the Second Amendment - to ensure tyrannical governments (like those who would attempt this kind of legislation) are kept in check.
