Measure: HB2005

I strongly oppose this measure. It will not lower the amount of violent crime. We already have laws on the books that make it illegal to obliterate the serial number on a firearm. Weapons with serial numbers removed are the ones most often used in crimes and are often stolen, another crime and one seldom enforced as theft is considered "non-violent". It is not uncommon for persons convicted of firearm theft or felon in possession or removing a serial number to be given probation. Let's see some criminal control instead of punishment of law abiding citizens pursuing a hobby of gunsmithing.
