

Submitter: Ed Bell

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I am a small landlord in Central Oregon and have provided rental housing in the Bend area for 30 years. I cannot continue to do so if Senate Bill 611 is passed. I will sell my rental properties. Rent control is not the best approach for making more housing available; it has the opposite effect. Landlords like me sell out and put their money towards other investments, often investing outside of Oregon.

Please, please reject Senate Bill 611.
