Measure: HB2005

This Bill flies in the face of our Constitutional Bill of Rights. Our Revolutionary Founders had to manufacture their own firearms due to a hostile and overbearing government (England) that banned the sale of Guns and Ammunition. So it's no surprise that the Founders enshrined this Right into law, so no totalitarian government could ever have that power over the Citizen's again. Here we are almost 250 years later, "debating" a standing Federal Law that protects the Citizen's God Given Rights.

Instead of trying to take away our rights, why don't you do the Job you were elected to do? Keep us safe (We the People). The crime in Oregon is out of control and needs to be addressed. This Bill would make nobody safer, it will only make honest Citizen's into criminals.
