Re: Support Centros de resiliencia HB 2990

Estimade Chair Marsh, Co-Chairs, and Members of the House Committee on Climate, Energy, and Environment,

Mi nombre es Myriam y residuo en el condado de Washington. El día de hoy escribo esta carta para hablar sobre la resiliencia HB 2990 en la cual nos enfocamos hablar sobre nuestras comunidades de bajos ingresos que en momentos de emergencia no saben cómo actuar o hacer y en nosotros como comunidad debemos organizarnos para ayudar en tiempos de desastres sin importar para ayudar en tiempos de desastres sin importar que raza o color sean. Hay ancianos y discapacitados que en esos momentos necesitan ayuda y para eso tenemos que actuar como comunidad y juntos unidos aremos una gran diferencia en Oregon. Tomemos el paso a buscar las conexiones o redes para que la próxima vex que ocurra un desastre las comunidades resilientes podamos marcar la diferencia en cómo sobrevivir y prosperar. Apoyemos los centros de Resiliencia para que podamos tener acceso a programas que apoyen.

Gracias,

Myriam

Re: Support for HB 2990 Community Resilience Hubs

Dear Chair Marsh, Co-Chairs, and Members of the House Committee on Climate, Energy, and Environment,

My name is Myriam and I reside in Washington County. Today I write you this letter to speak about HB 2990 in which we focus on talking about our low-income community who in moment of emergency don't know how to act or what to do and we, as community, should organize to help in times of disaster, no matter what race or color people are. In these moments, there are elderly and disabled people that need our help and for this we need to act as a community, and together and united we will make a great difference in Oregon. Let's take the step to find the connections or networks so that the next time a disaster occurs, resilient communities can make the difference in surviving and thriving. We support Community Resilience Hubs so that we can have access to programs that support us.

Thank you,

Myriam
