Measure: HB2005

I oppose this bill. If a person age 18 can go to war and may in doing so give their very life, they should be able to own firearms. Many families hunt together and teach their kids how to be safe gun owners. This is a way of life for many that will be affected by this bill.

The other huge problem is that there are those who legally own firearms that will be made into a criminal overnight if this passes, just because of a change in the law. They bought the firearms legally, and a future change of age requirements should not make them a criminal!!!!!!

OPPOSED!!!!!!!!!!!!
