

Submitter: Dana Mursu
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

Taking gun rights away from young adults is absolutely absurd...You want 16 year old to vote...18 year olds to defend this country, but take away their constitutional rights to bear arms just to appease the gun grabbers. Crimes committed with handguns by people under 21 is already a crime already on the books.....Just enforce and prosecute these crimes that are already law..
