

Submitter: Denise Keown  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2006

Please do not approve this bill. It harms law abiding citizens and will not help curtail violence. If you wish to really make a difference on violence in our community and state please look to the heart of the matter and start creating laws around social media, tv, music, video games and other media sources that continually lavish violence upon our children and all members of society. I implore you to start looking at the causes of violence within our souls rather than placing bandaids in the form of gun control at the expense of responsible citizens. Also, if you can join the military at 18, it's pretty important that you have the opportunity of own a gun and practice with it at that age. Increasing the age to 21 will hurt our young men and women considering joining our armed services.

Thank you.
