

Submitter: Edward Waters

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

I don't think you understand the concept of conceal carry is, the firearm is hidden until needed for self defense, if not not needed, it stays hidden, we learn this when we take the required class to obtain the CHL permit. I fear texting drivers way more than a responsible (the background check proves that) patriot defending their right to live through an attack by some crackhead you released from prison.
