Measure: HB2006

if people are not old enough to buy a gun at 18 then they are certainly not old enough to vote either or make other life long altering/damaging decisions like changing genders! if a 12 yr old can change his or her gender then they should be able to buy a gun(A CONSTITUTIONALLY PROTECTED RIGHT)too. if you are going to raise the age of buying a gun then voting, changing gender, driving ( a far more dangerous activity statistically) all need to be raised to 21 as well.
