

Submitter: Justin Bennett  
On Behalf Of: Oregon CHL Holders  
Committee: House Committee On Judiciary  
Measure: HB2007

This bill if passed, would make a law that would do nothing but make law abiding CHL holders, and other Oregonians defenseless. CHL holders are less likely to commit crimes, and they have undergone rigorous criminal background checks. There is not one documented case where a CHL holder has orchestrated a mass shooting. There is however numerous cases, and evidence that shows that CHL holders have stopped, or prevented mass shootings from happening.
