

Submitter: Josh Kelsey

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

Concealed handgun licensees are people that the general public should feel comfortable around. These individuals willingly go through training and provide information to the sheriffs office that keep us all safe. Regulation of law abiding citizens is not the way to help others in the time of need. If people dive deep into the weeds of an issue you loose sight of the bigger problem.
