

Submitter: Michael Davis  
On Behalf Of: HB 2006  
Committee: House Committee On Judiciary  
Measure: HB2006

I oppose this measure and the additional restrictions it imposes on law abiding citizens. We expect our young 18-20 olds to proudly carry arms in defense of our country by serving in the military, and now you want to say those same individuals aren't worth of bearing arms in their own defense at home. Not acceptable.
