Measure: HB2007

I oppose this bill, as it infringes my Constitutional rights, specifically, the Second Amendment. Those who have concealed carry permits have been background checked by Federal government. They have been fingerprinted. They have taken safety and operational classes, taught by professional and licensed instructors, who have authorized the completion and passing of said training. In today's world, law enforcement has been hog-tied by lax legislation and liberal government strategies that give the criminals the upper hand in leading their lives of crime. People with concealed carry permits have stopped and/ or ended numerous crimes and criminals in the act of such crimes. Enforce the laws on the books, and make the guilty accountable by sentencing them to the correct penalties, preferably the highest extent the law allows. Attacking law-abiding Citizens by infringing their rights, and not allowing them to protect themselves is not the right path to take. Government, for the people, by the people. Law-abiding people should be the example by which you exalt, and bring in the reins on those who decide to, and continue to, break our laws.
