Measure: HB2005

Why are we even discussing this topic? Has this been a problem since Oregon drafted the state constitution? Why is it that our once great state has a legislature that refuses to read the constitution of the state as well as the nation and simply follow those rules and laws? Please provide evidence from reputable sources that show causal necessity for this discussion... I think it does not exist. In my opinion, this is another way to disarm the law abiding people of this once great state of their rights and freedoms that for some reason has become under attack in the last several years. I ask you as a legislative body... what is the factual reason for these attacks?
