

Submitter: Bodie West

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I do not support limiting the rights of adults. At 18 years old you are an adult, and you should not be treated like it. A person can join the military, buy a car or house, and make their own decisions. Taking away a persons ability to recreate, defend themselves, or hunt with firearms because if their age is irresponsible and benefits nobody.
