

Submitter: David Silano
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

I oppose this measure as it unconstitutional to prohibit any adult to purchase or posses a firearm based solely on their age. An 18 year old can fight for our country and it's citizens during wartime, but cannot then come home and posses a firearm despite being more trained and proficient than most other Americans who can posses firearms. It also only punushes/restricts residents of one state.
