

Submitter: Chance Thedford
On Behalf Of: New Mexico Trappers Association
Committee: House Committee On Judiciary
Measure: HB3390

Oppose this bill.

This bill is a direct attack on sportsmen, trappers and landowners. The only reason this bill was introduced is because trappers are the proverbial low hanging fruit. Where does it end? The answer is, it doesn't. Every state that has implemented this and similar laws has suffered tremendously. Sadly, the ones that suffer the most are the wildlife and livestock.
