

Submitter: Joe Criscione  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2007

Why are you attacking the few people who are actually following the rules? This makes no sense and gun free zones are like magnets for the lunatics. Stop attacking the people actually following the rules, and focus on an implementable solution for the issues you fail to deal with effectively instead of stealing rights from law abiding citizens.
