

Submitter: Christine Wepener

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

This measure is a first step toward taking away firearm rights. There is no reason to put additional laws and regulations on law abiding citizens when the people that are misusing firearms are criminals. Criminals don't follow laws. This measure literally only limits the rights of the law abiding citizens. Deal with the criminals. Not the rest of us.
