Committee: House Committee On Judiciary
Measure: HB2006

I am opposed to measure HB 2006. A person becomes of age at 18 not 21. All the issues with gun violence is not the gun, is not the age. The issue lies with an individual. The issue with mental health and lack consequences for actions and lack of follow through is where the problem lies.

I oppose gun regulation for the sack of regulation. We already have laws that are not being adhered to, due to lack of follow through and consequences.

18 year olds and younger hunt, target practice, a variety of out door gun related activities. Age is not the gun violence issue. Mentally ill people are the issue.

Please vote no, please do not vote to punish the citizens for the issue of a few. The second Amendment is a right of an individual, this type of law defies an Americans right. Make harsher punishments and follow through on them to stem violent people, not punish the innocent for actions of a few.
