

Submitter: Rebecca Erickson

On Behalf Of: Cully community and all of Portland

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2990

Please support funding for community resilience training and support in Multnomah County (and all of Oregon). There is nothing more critical than supporting people in the event of a large emergency event, not to mention the more frequent climate change events that are happening now.

I respectfully request that stable funding be provided for community resilience hubs.

Sincerely,

Rebecca Erickson

Portland resident and NET volunteer
