

Submitter: Leslie Hurlbert

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

As a concealed weapons license holder, it is my right to protect my family. My friends should harm come no matter where I am at. It is not your right to tell me when I can and when I can't protect them because if something happens cops get the police force, so thin, so strong out because of lack of officers that there are a few minutes away by that time death could happen and I'll be dog god, if I'm gonna let Pawn come to my family or friends or people around
